... more than light!

**TINI LED** are ultra-compact LED floodlights, which high lighting parameters are combined with stylish and modern casing. The white color of the body and fitting arm makes the impression of lightness and it is perfectly matched by the white wire which enables to power the fitting without any interference into its interior. TINI LED is a perfect solution illuminating and for highlighting of different architectural elements.

TINI

The fittings are available in two light colors:

the warm light color which is perfect for accenting selected elements in modern interiors,

the neutral light color which makes it possible to highlight the building façade and to expose the beauty of garden details from the dark by dynamizing their composition.

name	code	power	luminous flux	Tc	luminous flux distribution angle
TINI LED 11W-WW-W	22040	11W	635 lm	2700-3200K	100°
TINI LED 11W-NW-W	22041			4800-5300K	

casing: aluminum alloy / extension arm: steel sheet / protective pane: tempered glass
